

# HOMWORK ASSIGNMENTS

These assignments are designed to a) point people to God's Word, b) give them hope, c) assess ownership, and d) provide measurable points of progress. These assignments can be given to the people in your small group or anyone you are currently discipling. They are practical and simple—anyone can work through them on their own.

All assignments help people “go vertical” by defining and focusing on their relationship with God. A vertical focus must be achieved before there can be success in improving horizontal relationships or circumstances. Each assignment consists of four simple steps: going to God, trusting God, obeying God, and waiting on God.

## **Step 1: Go to God – He gives grace to the humble.**

Goal: For Scripture to bring conviction and you to get real with God.

- Examine yourself in light of God's Word (Psalm 139:23-24, Proverbs 28:13, 1 Peter 5:6-7).
- See your sinfulness, humble yourself, confess and forsake your sin (James 5:16; Proverbs 28:13).
- Ask yourself what a biblical response to your problem should look like.

## **Step 2: Trust God – He has the answers in His Word.**

Goal: For Scripture to increase confidence in God as you trust Him for help and hope.

- Read through specific passages of Scripture.
- Underline key words or phrases that illustrate or point out:
  - Indicatives – What is God saying to me about who I am in my position in Christ?
  - Imperatives – What is God asking me to do in the power of Christ?
- Record thoughts and feelings about God's empowerment and your responsibility.

## **Step 3: Obey God – Apply His answers to your life.**

Goal: For Scripture to bring clarity about what God says and for you to apply His counsel diligently.

- Learn to obey God's Word out of love for Him.
- Learn to approach Scripture personally by:
  - Memorizing accurately—What is the Scripture you need to remember right now?
  - Yielding quickly—How will you submit your will and emotions to this truth?
  - Meditating daily—How is God changing your mind through this Scripture?
  - Applying intentionally—What mindset or habits does this truth direct you to change now?
  - Praying dependently—How does this Scripture call you to depend on God in prayer?

## **Step 4: Waiting on God – Believe He works for your good and His glory.**

Goal: For Scripture to bring hope and for you to believe God has your best in mind.

- Wait patiently on God (Psalm 27:13-14; 1 John 5:14-15).
- Persevering in God (James 1:2-4, 12; 1 Peter 1:6-7).
- Praying persistently to God (Ephesians 6:18; Philippians 4:6-7).

# HOMEWORK ASSIGNMENTS

## Things to remember:

- We want to get people to God's Word quickly.
- Ministry is about people. We are about relationships, not checking off boxes on a list of things to do. People sense when we are disinterested or short with them. Show grace and love in all your interactions, especially when dealing with difficult people.
- When you hand out these assignments, pray with people. Try *never* to leave a conversation without praying for them.
- Give these assignments when you know someone is struggling with a particular issue and it has become clear that they need help.

Note: You don't have to know a person's ownership of the problem before giving one of these assignments. Part of the purpose of these assignments is to actually help you assess the person's ownership.

- When you connect with people to go over the assignments (whether in person or on the phone), remember again to pray. In those moments, prayer proves to be a blessing in these four ways:
  - You enter the throne room of grace together with someone who is hurting.
  - You can recap what you have talked about without being preachy.
  - You teach the importance of prayer in the believer's life by practicing it.
  - You demonstrate you are not their hope, but Christ is.
